

CERN-hosted Workshop on Design Characteristics of a Novel Linear Accelerator for Challenging Environments - Improving global access to radiation therapy

Tuesday 8 November 2016

XI. Recommendations from the Workshop and Plans for the Future: Norman Coleman, Manjit Dosanjh and David

Pistenmaa: A. Summary of recommendations from the Workshop - 31/3-004 - IT Amphitheatre (15:05 - 15:50)

| time | [id] title | presenter |
|-------|--|---------------------|
| 15:05 | [62] XI. A. 1. Design characteristics for a novel linear accelerator for challenging environments | DEGIOVANNI, Alberto |
| 15:20 | [63] XI. A. 2. Achieving and sustaining the necessary infrastructure in challenging environments: Can we get by with less? | VIKRAM, Bhadransain |
| 15:35 | [64] XI. A. 3. Estimating the needs and planning for sustainable training of radiotherapy professional and ancillary staff in developing countries | BALOGUN, Onyinye |

XI. Recommendations from the Workshop and Plans for the Future: Norman Coleman, Manjit Dosanjh and David

Pistenmaa: B. Next steps: Norman Coleman, Manjit Dosanjh and David Pistenmaa - 31/3-004 - IT Amphitheatre (16:20 - 16:30)

| time | [id] title | presenter |
|-------|------------------------|---|
| 16:20 | [39] XI. B. Next steps | COLEMAN, C. Norman PISTENMAA, David DOSANJH, Manjit |
