23-25 Jun 2009

ILC-CLIC LET Beam Dynamics Workshop
Integrated Studies and Dynamic Effects

CERN, 6/2-004

Thursday 25 June

10:50

Integrated Studies and Dynamic Effects

Session | Location: CERN, 6/2-004

10:50-11:10 **IP Feedback for ILC and CLIC**

Speaker

Prof. Philip Burrows

11:10-11:30 **Simulations of Luminosity Performance with Feedbacks**

Speaker

Javier Resta Lopez

11:30-11:50 **Piezo actuators as orbit correctors**

Speaker

Juergen Pflingstner

11:50-12:10

Emittance preservation of electron beam in undulators for ILC e+ source

Speaker

Dr Kiyoshi Kubo

12:10-12:50 **Discussion on Future Plans and Collaborations**

12:50
