

Session Program

23-25 Jun 2009

ILC-CLIC LET Beam Dynamics Workshop
Integrated Studies and Dynamic Effects

CERN, 6/2-004

Thursday 25 June

13:50

Integrated Studies and Dynamic Effects

Session | Location: CERN, 6/2-004

13:50-14:10

To the identification and subsequent stabilization of high-order dynamic systems: observers-based approach

Speaker

Elena Rovenskaya

14:10-14:30

Chaos control in nonlinear dynamical systems

Speaker

Nikolai Magnitskiy

14:30-14:50

Discussion on Future Plans and Collaborations

14:50
