

**Session Program**

**23-25 Jun 2009**

**ILC-CLIC LET Beam Dynamics Workshop**  
***Integrated Studies and Dynamic Effects***

CERN, 6/2-004

# Thursday 25 June

09:00

## Integrated Studies and Dynamic Effects

Session | Location: CERN, 6/2-004

09:00-09:20 **On the description of ground motion**

**Speaker**

Christophe Collette

09:20-09:40 **CLIC Beam Instrumentation Challenges**

**Speaker**

Thibaut Lefevre

09:40-10:00 **RF stability issues in CLIC**

**Speaker**

Daniel Schulte

10:00-10:30 **Discussion on Future Plans and Collaborations**

10:30
