

Session Program

23-25 Jun 2009

ILC-CLIC LET Beam Dynamics Workshop

Wakefield & Coupler field

CERN, 6/2-004

Wednesday 24 June

10:50

Wakefield & Coupler field

Session | Location: CERN, 6/2-004

10:50-11:10 Status and details of coupler kick and wake simulations

Speaker

Vyacheslav Yakovlev

11:10-11:30

CLIC accelerating structures: study of the tolerances and short range wakefield considerations

Speaker

Riccardo Zennaro

11:30-11:50

Collimation wakefields and secondary particles

Speaker

Javier Resta Lopez

11:50-12:10

Dielectric collimators for CLIC

Speaker

Benoit Salvant

12:10-12:50

Discussion on Future Plans and Collaborations

12:50
