Subject: RADWG meeting & installation of equipment

Hello Thijs,

Unfortunately, I am not able to join the RADWG meeting today. In this context, I would like to point out (as said in the last RADWG) that for any installation of equipment in CNGS a form (also shown in the last RADWG meeting) has to be filled out - including a photo, description, location where to be installed, RP comments etc. Afterwards a work notification will be prepared and sent out. Thanks for your understanding.

Best regards,

Heinz

Radiation Calendar first half 2009 (1):

PSI 250 MeV p 3-4-5-6 April

QPS electronics

Radmon radfet sensor response

WorldFIP derivation

-> Test reports in INDICO and EDMS

<https://edms.cern.ch/document/996899/1>

CNGS test facility dry run completed

installation 29 April (30 April reserve)

startup ? (see talk by Ilias at 15:30 hrs)

Radiation Calendar first half 2009 (2):

PROSPERO 1 MeV n

11-14 Mai

FGC electronics

BLM electronics and chambers

ATLAS diodes

Radmon neutron response

Information meeting Monday 27 April at 16:00 hrs Bat 530

UCL LLN p 60 MeV

2-5 June

Fire Detection

Cooling and Ventilation

Survey

(Control SC current leads DFBs)

Confirmation is needed before 30 April !
