

Experiment Framework interactions with FTS

Wednesday, 18 October 2006 13:40 (40 minutes)

Show how the experiment frameworks interact with the FTS, in particular in channel selection and decisions taken on when to add more jobs to a channel

(10 minutes per experiment)

Presenters: SMITH, Andrew Cameron (University of Edinburgh); Mr BONACORSI, Daniele (CNAF-INFN BOLOGNA, ITALY); CAMERON, David (European Organization for Nuclear Research (CERN)); SAIZ, Pablo (CERN)
