

- 120 participants (41% Asia, 36% Europe, 23% Americas)
- very few partial attendance (advantage of the location?)
- 23 grants (essentially covering living expenses, nut few partial travel grants)
- 10 Plenary sessions (90 min): 35 talks
10 Parallel sessions (90 min): 104 talks
2 Poster sessions: 25 posters (hanged all the week long)
- since ICISE is isolated from hotel and we had meals together, there was plenty of time for extra discussions.
- no special organizational concerns: all went quite smoothly.
- Proceedings: we will publish proceedings by the end of the year 2016. The proposal is to have a deadline on **november 1st**. With **6 pages** per 25'+5' talk.
