~ ~ ~

WLCG STEP'09 Post-Mortem, 9-10 July 2009

House-Keeping

1. **94 people have registered: room capacity is 100!**
2. Speakers kindly requested to
 - a. **Upload their presentations in advance;**
 - b. **Keep to the time-slot (or less);**
3. All – use microphones when asking questions
4. Phones: off or silent.
5. Coffee breaks: outside – please respect those working on this floor!
6. Certificate of Attendance: 10 signed copies here. Not available after the workshop.
7. WLCG quarterly report: will reflect this workshop!
8. BBQ: call for volunteers to provide transport. Meet in car park downstairs (more precision later). Please update wiki if you can provide transport!
9. Forecast “mostly sunny” (i.e. sometimes not).

Outlook

- Several HEP-related sessions during **EGEE'09** in Barcelona
 - **WLCG operations: 2 x 2 hours;** HEP SSC: 2 x 2 hours; monitoring: 1 x 2 hours; Users on the Grid: 1 x 2 hours
- There are already proposals for talks in at least one of these sessions (STEP'09 + SEPT'09 results)
 - **ATLAS Spanish Tier2 experiences during the STEP'09 period**
- Tentatively, we could target 1 session to experiment-oriented talks and 1 to site / region talks
 - **Which is the above???**
- **Future workshops: co-locating with CHEP, EGEE etc seems to work: much larger attendance than here**
 - **Not foreseen for CHEP 2010; this is the last EGEE!**
- **A large(r) workshop foreseen for Spring 2010 – probably has to be in main auditorium**
 - **Easter is Sunday 4th April 2010 (so after???)**
 - **Main auditorium not possible IT amphi booked 19 – 24 April 2010**
- ***Does anyone have a better suggestion? [Re-visit...]***
