

# Workshop on picosecond timing detectors for physics and medical applications

## Friday 16 September 2016

### Timing in Solid State/diamond Detectors II (11:00-12:30)

time	[id] title	presenter
11:00	[14] Development of UFSD thin silicon sensors for timing applications	ARCIDIACONO, Roberta
11:30	[15] Timing Detectors Between Jefferson Lab and CERN	AL GHOUL, Hussein
12:00	[16] Discussion session: timing with Gaseous/solid state/diamond detectors
