

Session Program

15-18 Sept 2016

Workshop on picosecond timing detectors for physics and medical applications

Timing algorithms / discussion

Other Institutes
Kansas City

Friday 16 September

16:00

Timing algorithms / discussion

Session | **Location:** Other Institutes, Kansas City

16:00–16:30

Algorithms for timing measurements using a fast sampling device

Speaker

Nicola Minafra

17:30

16:30–17:30

Discussion session: timing detectors and algorithms
