

Session Program

15-18 Sept 2016

**Workshop on picosecond timing detectors for
physics and medical applications**

Front-end electronics I

Other Institutes
Kansas City

Saturday 17 September

11:30

Front-end electronics I

Session | **Location:** Other Institutes, Kansas City

11:30-12:00

SAMPIC fast timing electronics

Speakers

Dominique Robert Breton, Jihane Maalmi

12:00-12:30

New readout electronics for Ultra fast Si

Speaker

Nicola Minafra

12:30
