

**Session Program**

**15-18 Sept 2016**

**Workshop on picosecond timing detectors for  
physics and medical applications**

***Front-end electronics I***

Other Institutes  
Kansas City

# Saturday 17 September

11:30

## Front-end electronics I

Session | Location: Other Institutes, Kansas City

11:30-12:00 **SAMPIC fast timing electronics**

### Speakers

Dominique Robert Breton, Jihane Maalmi

12:00-12:30 **New readout electronics for Ultra fast Si**

### Speaker

Nicola Minafra

12:30
