

**Session Program**

**15-18 Sept 2016**

**Workshop on picosecond timing detectors for  
physics and medical applications**

***Front-end electronics I***

Other Institutes  
Kansas City

# Saturday 17 September

11:30

## Front-end electronics I

**Session** | **Location:** Other Institutes, Kansas City

**11:30-12:00** **SAMPIC fast timing electronics**

**Speakers**

Dominique Robert Breton, Jihane Maalmi

**12:00-12:30** **New readout electronics for Ultra fast Si**

**Speaker**

Nicola Minafra

12:30
