

Session Program

15-18 Sept 2016

**Workshop on picosecond timing detectors for
physics and medical applications**

Front-end electronics I

Other Institutes
Kansas City

Saturday 17 September

11:30

Front-end electronics I

Session | Location: Other Institutes, Kansas City

11:30-12:00 **SAMPIC fast timing electronics**

Speakers

Dominique Robert Breton, Jihane Maalmi

12:00-12:30 **New readout electronics for Ultra fast Si**

Speaker

Nicola Minafra

12:30
