

Workshop on picosecond timing detectors for physics and medical applications

Saturday 17 September 2016

Electronics Systems and Code Support (16:00-18:00)

time	[id] title	presenter
16:00	[31] THz timing processor with extended dynamic range	ZHAMKOCHYAN, Simon
16:30	[32] Superconductor 100 GHz digital electronics for detector instrumentation.	SARWANA, Saad
17:00	[34] Discussion session: electronics / timing in medicine/engineering
