High Performance and Massive Parallel Computing (Part 1)

Thursday 2 February 2017 09:00 (1h 30m)

To complement the lecture (see abstract here attached), Prof Marco Dimas Gubitoso from IME/DCC and part of the CEPID/NeuroMat will co-organized two Computer-aided Labs related to High Performance and Massive Parallel Computing from firmware points of view (see Table of Labs).

Presenter: Prof. DIMAS GUBITOSO, Marco (Institute of Mathematics & Statistics, IME-USP)

Session Classification: HIGH PERFORMANCE COMPUTING
