

# 4th Summer School on INtelligent signal processing for FrontIER Research and Industry

## Friday, 27 January 2017

**Advances In Silicon Pixel Technologies: Sensors and embedded Signal Processing - Abraão de Moraes Auditorium (IF)**  
**(09:00 - 13:00)**

-Conveners: Aurore Savoy Navarro

time	[id] title	presenter
09:00	[20] New developments in Silicon Pixel Technologies	Dr RIEDLER, Petra
11:00	Coffee break	
11:30	[21] Advances on pixel-embedded Signal Processing technology	Prof. RATTI, Lodovico
