Proposal to Organize ACAT'19 by CERN

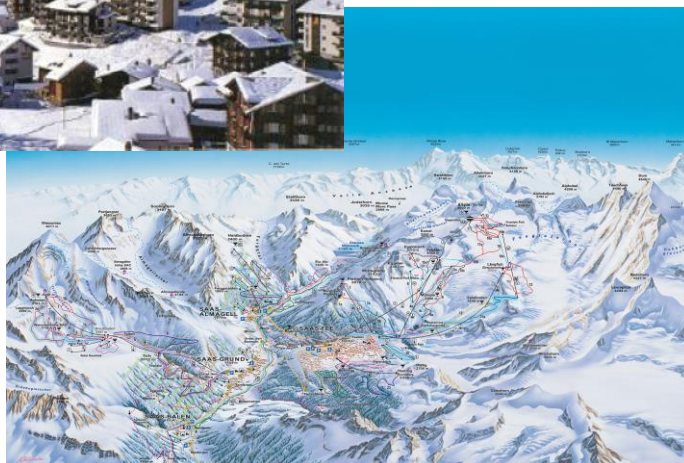

Fons Rademakers

Hosting ACAT'19

- Of course we don't propose to host ACAT at CERN...

Saas Fee

Why Saas Fee

- Centrally located in Switzerland
- 3 Hours from Geneva and 3h50 from Zurich
- Excellent infrastructure
- Car free town center
- Sufficient meeting rooms for ACAT sized workshop
- Plenty of hotels
- Enthusiastically supported by local community
- And excellent previous experiences

Previous Experiences

- ROOT 2013 and 2015 Workshops
 - Number of participants (100-120), only slightly less than ACAT
 - One time in March one time in September
 - March workshop used the Moriond schedule with ski after lunch
 - Both were a big success
- Small town, good central meeting places for after dinner discussions

Accommodation

- Conference rooms
 - Possible rooms for parallel sessions are centrally located
 - Well equipped, good support
 - Place for vendor exhibits
- Hotels
 - Top 3, 4 and 5 star accommodations
 - Will try to get a package deal

Dates

- We aim for a week in March 2019
 - Must of course not collide with a holiday period

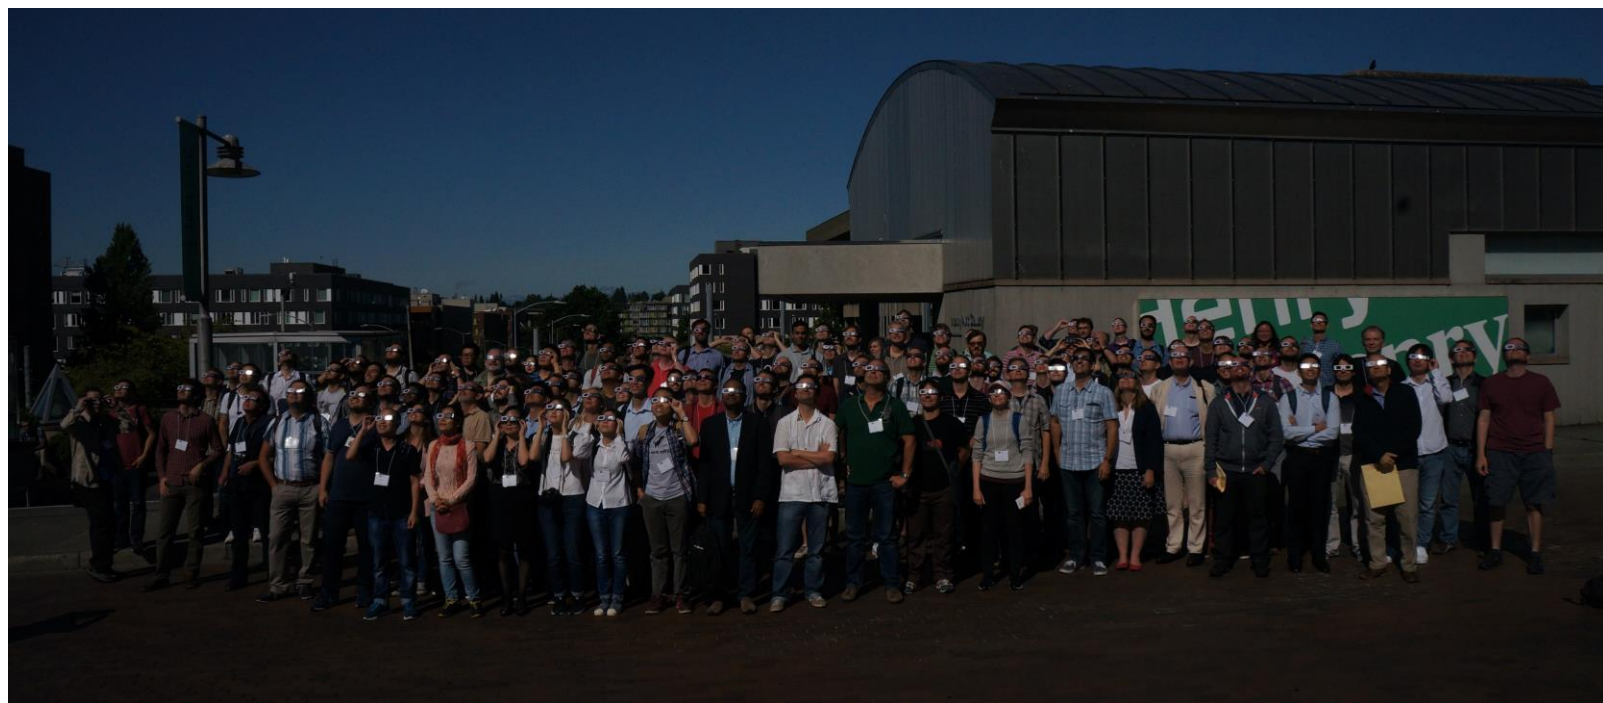

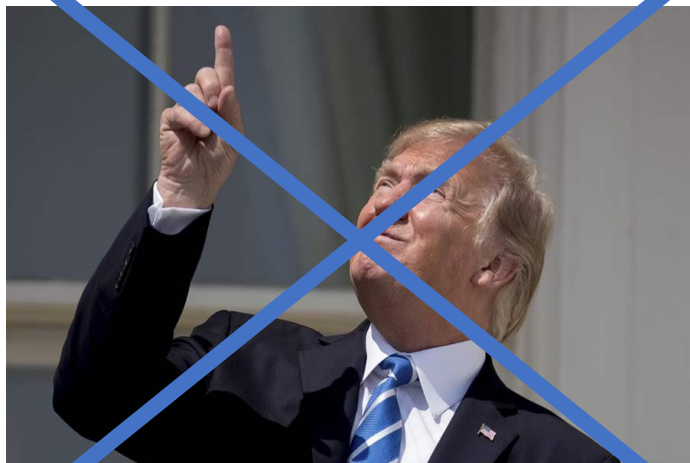

Impressions

Thanks!!!

To everyone that made it here!!!

We did many things right!
