

Session Program

3-7 Apr 2017

25th International Workshop on Deep Inelastic Scattering and Related Topics

Opening Plenary Session

University of Birmingham, School of Physics and Astronomy
Edgbaston Birmingham B15 2TT United Kingdom

Monday 3 April

09:00

Opening Plenary Session: Part 1

Session | **Location:** Elgar Concert Hall, Bramall Music Building | **Convener:** Amanda Cooper-Sarkar

09:00–09:10

Welcome on Behalf of the University of Birmingham

Speaker

Prof. Sir David Eastwood

09:10–09:20

Introduction to DIS'17

Speaker

Paul Newman

09:20–09:50

Parton Distributions and the Precision Frontier at the LHC

Speaker

Maria Ubiali

10:00–10:30

Latest Results from HERA

Speaker

Matthew Wing

10:40

11:10

Opening Plenary Session: Part 2

Session | **Location:** Elgar Concert Hall, Bramall Music Building | **Convener:** Bernd Surrow

11:10–11:40

QCD Phenomenology and Event Generators

Speaker

Stefan Prestel

11:50–12:20

New Results on Elastic, Diffractive and Low x Processes

Speaker

Kenneth Osterberg

12:30

13:30

Opening Plenary Session: Part 3

Session | **Location:** Elgar Concert Hall, Bramall Music Building | **Convener:** Dave Charlton

13:30–14:00

QCD and Electroweak Measurements at the LHC

Speaker

Joao Barreiro Guimaraes Da Costa

14:10–14:40

Higgs Physics at the LHC

Speaker

Chiara Mariotti

14:50–15:20

Searches for New Physics at the LHC and the role of QCD and PDFs

Speaker

Beate Heinemann

15:30

16:00

Opening Plenary Session: Part 4**Session** | **Location:** Elgar Concert Hall, Bramall Music Building | **Convener:** Rolf Ent

16:00–16:45

Altarelli Prize Award Ceremony and Talks**Speaker**

Elisabetta Gallo

16:45–17:05

Transverse Momentum-Dependent Parton Distributions**Speaker**

Alessandro Bacchetta

17:10–17:30

Progress in Spin and 3D Nucleon Structure**Speaker**

Eva-Maria Kabuss

17:35–18:05

QCD in Heavy Ion Physics**Speaker**

Helen Caines

18:15
