

EuroNNAC and EuPRAXIA Workshop on Pilot Applications of Electron Plasma Accelerators (PAEPA)

Tuesday, 11 October 2016

Session 2: Medical, Biological, Space and Material Science Applications of electron beams - Amphi Gregory (17:20 - 18:30)

time	[id] title	presenter
17:20	[35] Embryonic thinking of possible EuPraxia vs medical applications synergy	VERDERI, Marc
17:35	[36] Microbeam Radiation Therapy	BRAVIN, Alberto
17:50	[37] Terrestrial reproduction of space radiation electrons using Plasma Wakefield Accelerators	DELINIKOLAS, Panagiotis
18:05	[38] Discussion on requirements for irradiation for space, material, biological applications	WALCZAK, Roman
