

# EuroNNAC and EuPRAXIA Workshop on Pilot Applications of Electron Plasma Accelerators (PAEPA)

## Tuesday 11 October 2016

### Session 5: Applications: X-rays and gammas - Amphi Gregory (16:00 - 17:20)

time	[id] title	presenter
16:00	[31] Plasma Accelerators as a source of fs X-rays for probing Matter Under Extreme Conditions	MANGLES, Stuart
16:20	[32] LWFA gamma source applications	THOMAS, Alexander
16:35	[33] Inverse Compton scattering from plasma wakefield accelerated beams	SCHERKL, Paul
16:50	[34] Discussion on requirements for other radiation applications	WALCZAK, Roman
