

Community White Paper Simulation Session

V. Daniel Elvira (Fermilab)

John Harvey (CERN)

Goals

Establish a plan, including future events, a timeline and responsibilities to deliver the simulation section of the CWP

- Brief presentations from experiments and projects on their vision towards the future: challenges, ideas (~ 1 hour)
- Discussion on the content of the simulation section of the CWP (~ 1 hour)
 - ✓ Cross fertilization, potential opportunities for collaboration across experiments and projects
- Planning details (1 hour)
