e-infrastructure

Enabling Grids for E-sciencE

- **Tasks**
  - Certification of patches for yaim-core
    - CREAM and AMGA checks
  - Provided an AMGA test plan
  - Finished the resource BDII inclusion for glite-AMGA_*
    - Implemented: config_info_service_amga
    - Currently in PPS
  - Investigation for installing UI_TAR on Ubuntu
    - Have problems with some libraries
    - Last problem found is the libcares problem
    - Still under investigation

- **Bugs**
  - Released various glite-yaim-amga bugs fixes(mainly code improvements)

Enabling Grids for E-sciencE

- **Enjoyed having people around!**
  - Although it's a lot of work to be done and things to take care of
- **People involved in the organization**
    - Maria Poveda
    - Nikolas Stylianides
    - Andoena Balla
    - Nikolas Loulloudes*
    - Asterios Katsifodimos

Enabling Grids for E-sciencE

- **I'm leaving UCY on late July**
- **Nikolas Loulloudes will continue the work on SA3**
  - Has to be trained and enrolled in lists
  - Skilled and quick learner
  - Easy and quick certification tasks are welcome for the next two months

Have a nice trip back home!
