Enabling Grids for E-sciencE

- **Hello**
- **Certification Process – Tasks / Patches / Bugs**
- **Expertise Table**
- **Document your progress**
- **Transition to EGI**

Enabling Grids for E-sciencE

- **Many thanks to Di Qing**
  - Painless Transition
  - Hard act to follow!

- **Coordination**
- **Allocation of Patches → Certification Expertise**
- **Contact me!**

Enabling Grids for E-sciencE

- **Patch → 'Ready for Certification"**
- **Create Savannah task to Squad**
  - Dependencies on Patch(es)
  - One task per patch? 32/64 bit? SL4/SL5?

Assign task to preferred certifier

  - 'In certification'
  - Updates the comments
  - No need to join weekly phone conf if on target
- **Checks bugs are fixed**
  - Creates new regression tests
- **Checks new features & regression**
  - Documentation
  - Stability

- **'Has X been tested'**
- **How will EGI/UMD know you have a thorough process?**
- **… That gets followed**

- **Audit Trail – Automation?**

Enabling Grids for E-sciencE

- **Partner Challenges / Support**
- **Improvements**
