

# Neutrinos: the quest for a new physics scale

## Wednesday 29 March 2017

**How to improve LHC searches for neutrino related physics - 503/1-001 - Council Chamber (15:30 - 17:00)**

-Conveners: Silvia Pascoli; Albert De Roeck; Tao Han

time	[id] title	presenter
15:30	[50] Channels and observables for neutrino mass models at colliders	HAN, Tao
15:50	[51] Where are we now with LHC searches	DE ROECK, Albert
16:10	[52] Status for theoretical calculations for collider searches	RUIZ, Richard
16:30	[53] Theoretical motivation for collider searches of neutrino mass models	MOLINARO, Emiliano PETCOV, Serguey
