

Neutrinos: the quest for a new physics scale

Thanks all the speakers for their excellent and inspiring talks !

Neutrinos: the quest for a new physics scale

Thanks to all the participants !

Neutrinos: the quest for a new physics scale

Thanks to the very many organizers of the scientific programme:

Neutrino Platform convenors: G. Barenboim, P. Coloma, P. Huber, S. Pascoli, T. Schwetz

Discussion sessions: M. Tortola, R. Patterson

J. Kopp,

S. King, C. Hagedorn,

M. Aoki,

A. De Roeck, T. Han, S. Petcov

J. Lopez-Pavon, W. Rodejohann,

T. Hambye,

G. Raffelt,

A. Smirnov

Neutrinos: the quest for a new physics scale

Thanks to the best secretarial team in particle physics:

Michelle Connor, Elena Gianolio and Nannie Perrin

Next Neutrino Platform Activities:

Next Neutrino Platform Activities:

- **Neutrino Platform Week @CERN in January 2018** in connection to the DUNE collaboration meeting
Chair: G. Barenboim
Topic: Oscillations and BSM physics @DUNE, Joint sessions with physics WGs
- **Neutrino Theory Workshop @Fermilab in April-May 2018**
Chair: P. Coloma, S. Parke
Topic: Wider focus
- **Neutrino Theory Institute @CERN (Summer 2018)** ? Neutrino 2018, Invisibles 18 in Germany...

If you want to be added to the mailing list of the theory platform please register @ the
