The screenshot shows the Indico event page for the High School Teacher Programme 2017. The header features a globe of flags and the event title. Below the header, the date (2-22 July 2017) and location (CERN) are displayed. A search bar is present in the top right. The main content area includes a sidebar with navigation links for Overview, Timetable, and Administrative Support. The Administrative Support section lists contact information for Maureen Prola-Tessaur. The main text describes the 3-week residential programme and provides details about the High School Teacher Programme 2017, including the dates, location, and contact information for the Teacher Programme Manager, Jeff Wiener. It also includes emergency contact information for the CERN fire brigade. A 'Starts' and 'Ends' section shows the event duration from 17:00 on July 2nd to 10:00 on July 22nd. A 'Materials' section indicates that there are no materials yet. A 'Please note' section provides additional information about the scientific programme and agenda, and mentions that a definite confirmation of participation will be sent by e-mail.

This 3-week residential programme, which has been taking place every year since 1998 at CERN during the month of July, is open to Science High School Teachers from all CERN member and observer States, as well as from other countries subject to funding availability, who would like to update their knowledge of particle physics, its associated technologies and related subjects.

The **High School Teacher Programme 2017** will take place from 2 - 22 July 2017. Lectures, on-site visits, exhibitions, and hands-on workshops will introduce its participants into cutting-edge particle physics. We hope our participants will go back as ambassadors, who pass on the subject to our next generation of physicists, engineers, IT specialists and and and ...
