

# 12th Workshop on Electronics for LHC and future Experiments

## Wednesday, September 27, 2006

### Parallel Session A4-Optical links (11:20 AM - 1:00 PM)

time	[id] title	presenter
11:20	<del>A30</del> Potential Upgrade of the CMS Tracker Analogue Readout Optical Links using Bandwidth Efficient Digital Modulation	DRIS, Stefanos
11:45	<del>A30</del> Integration of the CMS Tracker Optical Links	GILL, Karl Aaron
12:10	<del>P17</del> Radiation Tests of the ATLAS Inner Detector Opto-Electronic Readout System for SLHC	ISSEVER, Cigdem
12:35	<del>P18</del> Bandwidth of Micro-Twisted Cables and Spliced SIMM/GRIN Fibers and Radiation Hardness of PIN/VCSEL Arrays	GAN, Kock Kiam
