

12th Workshop on Electronics for LHC and future Experiments

Wednesday 27 September 2006

Parallel Session A4-Optical links (11:20 - 13:00)

time	[id] title	presenter
11:20	[39] Potential Upgrade of the CMS Tracker Analogue Readout Optical Links using Bandwidth Efficient Digital Modulation	DRIS, Stefanos
11:45	[93] Integration of the CMS Tracker Optical Links	GILL, Karl Aaron
12:10	[47] Radiation Tests of the ATLAS Inner Detector Opto-Electronic Readout System for SLHC	ISSEVER, Cigdem
12:35	[48] Bandwidth of Micro-Twisted Cables and Spliced SIMM/GRIN Fibers and Radiation Hardness of PIN/VCSEL Arrays	GAN, Kock Kiam
