

JEC7: Composition studies and flavor

Thursday 11 May 2017 12:25 (10 minutes)

PF Jet composition, flavor definitions (past, present, future), NLO

Old (Jet flavors from data) State-of-the art in extracting jet flavors from data. What do we know and what should we do to get light quarks, gluons, charm and bottom jets nailed down.

Presenter: SIIKONEN, Hannu (Helsinki Institute of Physics (FI))

Session Classification: Day 2
