

# Low Emittance Rings workshop 2016

## Thursday 27 October 2016

### IICE session (Part II) - SOLEIL (16:20 - 18:30)

-Conveners: Peter Kuske

time	[id] title	presenter
16:20	[41] Review of high frequency impedance	Mr BANE, Karl
16:50	[42] Instability analysis of DIAMOND with and without feedback and benchmark with simulations	KOUKOVINI PLATIA, Eirini
17:15	[43] Studies of collective effects in Sirius	DE SÀ, Fernando Enrique
17:40	[44] Single bunch instability in SLS -II	XU, Haisheng
18:05	[45] Beam instability measurement and analysis in MAX IV	SKRIPKA, Galina
