

Session Program

26-28 Oct 2016

Low Emittance Rings workshop 2016

IICE session (Part II)

Other Institutes, SOLEIL

Friday 28 October

09:00

IICE session (Part II)

Session | **Location:** Other Institutes, SOLEIL | **Convener:** Emanuel Karantzoulis

09:00–09:30

Overview of beam instability driven by CSR in storage rings

Speaker

Gennady Stupakov

09:30–09:55

FASTION in PyHEASTAIL

Speaker

Lotta Mether

09:55–10:20

Theoretical predictions of single bunch instabilities at high chromaticity with a Fokker-Planck model

Speaker

Dr Ryan Linberg

10:20
