

Session Program

17-18 Oct 2016

EURADOS WG9 Meeting at CERN

Plenary WG9

CERN, 13/3-005
Monday afternoon in Room 13-2-005

Tuesday 18 October

14:00

Plenary WG9: 7. Sub Group SG9.1 Computational methods in Medical Physics (separate agenda, but including Tasks 3.1 - 3.4) (Sebastian Trinkl)

Session | Location:

15:30

16:00

Plenary WG9: Membership matters (SM)

Session | Location:

16:15

16:15

Plenary WG9: Discussion on future directions for WG9 -9.1 In-vivo dosimetry: Real-time fibre optic detectors for in vivo dosimetry and small field dosimetry in IMRT (Skype presentation by Luana Nasimento (SCK-CEN))

Session | Location: CERN, 13/3-005, Monday afternoon in Room 13-2-005

16:35

16:35

Plenary WG9: Discussion on future directions for WG9-9.2 Feedback from (i) Stockholm workshop on risk of secondary cancer following radiotherapy (ii) Radiation Protection week, Oxford (Roger Harrison)

Session | Location:

16:55

16:55

Plenary WG9: Discussion on future directions for WG9-9.3 General discussion of possible future directions

Session | Location:

17:15

17:15

Plenary WG9: Publications and presentations; future conferences (SM/RMH)

Session | Location:

17:35

17:35

Plenary WG9: Next meeting of WG9

Session | Location:

17:45

17:45

Plenary WG9: Any other business

Session | Location:

18:00
