Programme website

The screenshot shows the website for the Mexican Teacher Programme 2017. The header features the Mexican flag and the title "Mexican Teacher Programme". Below the header, the dates "from 29 July 2017 to 6 August 2017" and "CERN Europe/Zurich timezone" are displayed. A search bar is located in the top right corner. The main content area includes a navigation menu with "Overview" and "Timetable" options. The "Administrative Support" section lists contact information for Maureen Proia-Tessaur. The main text describes the programme as a series of lectures, on-site visits, exhibitions, and hands-on workshops. It also provides contact details for the Teacher Programme Manager, Jeff Wiener, and emergency contact information for the CERN fire brigade. A section for "Materials" indicates that there are no materials yet. A final information box states that more details will be available under the "Timetable" section and that participants will receive confirmation via email.

The Mexican Teacher Programme 2017 will take place from 29 July-6 August 2017. Lectures, on-site visits, exhibitions, and hands-on workshops will introduce its participants to cutting-edge particle physics. We hope our participants will go back to Mexico as ambassadors, who pass on the subject to our next generation of physicists, engineers, IT specialists ...

30m 503-1-001 - Council Chamber

MONDAY, 31 JULY

08:30 → 12:25 Pláticas

08:30 **Introducción al CERN**
Speaker: Isabel Bejar Alonso (CERN)

09:00 **Inauguración**
Speakers: Fernando Castro Trenti, Luis Roberto Flores Castillo (The Chinese University of Hong Kong (HK))

09:30 **El descubrimiento del bosón de Higgs**
Speaker: Luis Roberto Flores Castillo (The Chinese University of Hong Kong (HK))

10:40 **Introducción a los aceleradores**
Speaker: Hector Garcia Morales (Royal Holloway University of London (RHUL))

11:45 **Introducción a la "fábrica de antimateria"**
Speaker: Hector Garcia Morales (Royal Holloway University of London (RHUL))
