CLIC Workshop 07-03-2017

Contributions Fall 2016

- **Summer School and Workshop on the Standard Model and Beyond**
August 31 - September 12, Corfu, Greece
“*CLIC detector and Physics*” by Eva Sicking (invited lecture)
- **PIXEL 2016**
5 - 9 September 2016, Sestri Levante, Italy
“*Silicon Pixel-detector R&D for CLIC*” by Andreas Nürnberg
- **Top 2016**
19 - 23 September, Olomouc, Czech Republic
“*Update on Future Facilities*” by Marcel Vos (invited)
- **TWEPP 2016**
26 - 30 September, Karlsruhe, Germany
“*Simulation Environment based on the Universal Verification Methodology*” by Adrian Fiergolski (poster)
- **VERTEX 2016**
25 - 30 September, Elba Island, Italy
“*CLIC silicon pixel R&D*” by Daniel Hynds

Contributions Winter 2016

- **New Trends in High Energy Physics**
2 - 8 October, Budva, Montenegro
“The CLIC physics potential” by Mila Pandurovic
- **CHEP**
10 - 14 October, San Francisco, USA
“DD4hep based event reconstruction” by Andre Sailer
“Detector simulations with DD4hep” by Marko Petric
“Using OSG Computing Resources with (ILC)DIRAC” by Andre Sailer (Poster)
- **DISCRETE 2016**
28 November - 3 December 2016
“Sensitivity of CLIC at 380 GeV to top FCNC decay $t \rightarrow cH$ ” by Filip Zarnecki
- **LCWS 2016**
5 - 9 December 2016
“CLICdp Status” by Naomi van der Kolk
“SM Higgs at the LC” by Philipp Roloff (invited)
“Measurement of the $H \rightarrow WW^$ decay at 3 TeV CLIC/500 GeV ILC”* by Mila Pandurovic
“CLIC BSM Overview” by Philipp Roloff
“Reconstruction of boosted top quarks at high energy CLIC” by Rickard Ström
“Sensitivity of CLIC at 380 GeV to top FCNC decay $t \rightarrow cH$ ” by Filip Zarnecki
“Status of ECAL Optimisation at CLIC” by Matthias Weber

Contributions 2017

- **5th Beam Telescope and Test Beam Workshop**
24 - 27 January, Barcelona, Spain
“Data-taking experience with the CLICdp Timepix3 telescope” by Andreas Nürnberg
“Preliminary test beam results of SOI monolithic pixel detectors” by Roma Dasgupta
- **Lake Louise Winter Institute 2017**
19 - 25 February, Lake Louise, Canada
“News on the CLIC physics potential” by Marko Petric
- **Trento Workshop on Advanced Silicon Radiation Detectors**
20 - 22 February, Trento, Italy
“HV-CMOS developments for the CLIC vertex detector” by Daniel Hynds
“Technologies for the CLIC tracker” by Andreas Nürnberg
- **INSTR17**
27 February - 3 March, Novosibirsk, Russia
“Silicon technologies for the CLIC vertex Detector” by Simon Spannagel

Upcoming Contributions

- **Rencontres de Moriond QCD and High Energy Interactions**
25 March - 1 April, La Thuile, Italy
“Physics potential of CLIC operation at 380 GeV” by Alasdair Winter
- **ALPS 2017**
17-22 April, Obergurgl, Austria
“Linear e^+e^- colliders” by Frank Simon (keynote talk combined with ILD/ILC)
- **LC Vertex Detector Workshop 2017**
30 April - 3 May, Tegernsee, Germany
Organised by a.o. Dominik Dannheim, Marcel Vos
- **TIPP 2017**
22-26 May, Beijing, China
Submitted abstracts
“A multi-chip data acquisition system based on a heterogeneous system-on-chip platform”
by Adrian Fiergolski
“A vertex and tracking detector system for CLIC” by TBD
“Integrated CMOS sensor technologies for the CLIC tracker” by TBD
“Analysis and simulation of HV-CMOS assemblies for the CLIC vertex detector”
by Matthew Buckland

Abstract deadlines

- **SCINT2017**, 18-09-2017, Chamonix, France
Abstract submission deadline: **15 March 2017**
- **6th International Conference on New Frontiers in Physics**, 17-08-2017, Crete, Greece
Abstract submission deadline: **26 March 2017**
- **PANIC 17**, 01-09-2017, Beijing, China
Abstract submission deadline: **31 March 2017**
- **MC4BSM 2017**, 11-05-2017, SLAC, USA
Abstract submission deadline: **1 April 2017**
- **Forum on Tracking Detector Mechanics 2017**, 03-07-2017, Marseille, France
Abstract submission deadline: **14 April 2017**
- **EPS-HEP 2017**, 05-07-2017, Venice, Italy
Abstract submission deadline: **15 April 2017**
Central submission of abstracts via the Speaker Committee
- **28th International Symposium on Lepton Photon Interactions at High Energy**, 07-08-2017, Guangzhou, China
Abstract submission deadline (Posters only!): **30 April 2017**
- **15th Conference on Flavor Physics and CP Violation**, 05-07-2017, Prague, Czech Republic
Abstract submission deadline (Posters only!): **5 May 2017**
- **IEEE 2017**, 21-10-2017, Atlanta, Georgia, USA
Abstract submission deadline: **8 May 2017**

General Information

- Information on Upcoming and Past Conferences on the SC Twiki
<http://twiki.cern.ch/twiki/bin/view/CLIC/UpcomingConferences>
 - Please let us know if **relevant conferences** are not yet listed
 - New category **CLICdp Seminars**
you are invited to list your seminar on this page
- For bookkeeping and help with submission, please send your **abstracts** to clidp-speakcom@cern.ch
- Let us know if we should organise a **rehearsal** for your talk
- Please send your **slides** for collaboration review at least **2 days** before your talk!
