

4th International Conference on the Initial Stages in High-Energy Nuclear
Collisions

Contribution ID: 138

Type: **not specified**

**“Long-range multi-particle collectivity” from pp to
AA**

Thursday 21 September 2017 11:00 (30 minutes)

In this talk, I am going to address three questions about collectivity in heavy ion collisions:

- 1) What do we mean by collectivity?
- 2) What distinguish between flow & non-flow?
- 3) How to interpret the sign of flow cumulants?

Presenter: JIA, Jiangyong (Stony brook Universty (US))

Session Classification: Correlations and fluctuations
