

CEC-ICMC 2017 - Abstracts, Timetable and Presentations

Monday, 10 July 2017

M1OrA - Focused Symposia - Propulsion I: Overview, System Level - Lecture Hall (09:30 - 10:45)

-Conveners: Kenichi Sato; Timothy Haugan

time	[id] title	presenter
09:30	[567] [Invited] High Temperature Superconductors (HTS) in Electric Aircrafts – the baseline and the perspective	Dr ARNDT, Tabea
10:00	[524] [Invited] Development of Cryogenic/Superconducting Components for Aircraft Electric Propulsion	HAUGAN, Timothy
10:30	[575] Experimental investigation into the fault response of a superconducting hybrid electric propulsion electrical power system to a DC rail to rail fault	Mr NOLAN, Steven
