STFC Rutherford Appleton Laboratory

GDB, September 13th 2017

We thought it was all settled...

- In July we thought the former CHEP week would work
 - 23rd – 27th April 2018
- However we then noticed the RRB was scheduled that week
 - A bad conflict for some key participants
- Have had a series of discussions over the summer
- 26th -29th March Looks best

PROVISIONAL Proposal

- 4 days
- 2 ½ days for WLCG
 - First thing Monday – Wednesday Morning
- 2 ½ days for HSF
 - Tuesday afternoon to end of Thursday
- Shared sessions on Tuesday afternoon and Wednesday morning
- Best to avoid Friday as it is Good Friday and holiday in some countries

Invited offers to host in July

- I believe there are two -
 - Naples (who offered last time)
 - LAL
