

**Session Program**

**1-4 Nov 2016**

**ALICE Offline week**

***Distributed Computing***

CERN, 13/2-005

# Thursday 3 November

09:00

## Distributed Computing

**Session** | **Location:** CERN, 13/2-005 | **Convener:** Latchezar Betev

09:00–09:30 **Status of the Grid**

**Speaker**

Maarten Litmaath

09:30–10:00 **Using the Titan supercomputer for ALICE MC**

**Speaker**

Pavlo Svirin

10:00–10:30 **Scalable Global Grid Catalogue for Run3 and beyond**

**Speaker**

Miguel Martinez Pedreira

10:30–11:00 **Waffle break**

11:00–11:30 **Summary of distributed computing track from CHEP'2016**

**Speaker**

Latchezar Betev

11:30–12:00 **Russian Federated Data Storage Prototype for ALICE**

**Speaker**

Andrey Zarochentsev

12:00–12:30 **An AliEn site with containers using Plancton**

**Speaker**

Matteo Concas

12:30
