

**Session Program**

**26-28 May 2009**

**4th CLIC Advisory Committee (CLIC-ACE)**

***Feasibility Item 1+2: RF structures***

CERN, 354/1-001

## Tuesday 26 May

11:15

### Feasibility Item 1+2: RF structures

Session | Location: CERN, 354/1-001

11:15-11:45

#### Accelerating structures: 3 TeV and 500 GeV CLIC designs, HOM damping and technology alternatives

**Speaker**

Alexej Grudiev

11:45-12:15

#### Accelerating structure feasibility demonstration: Status, Programs, contingency planning

**Speaker**

Dr Walter WUENSCH

12:15-12:55

#### PETS and rf network: Structure design, on/off/adjust, rf distribution, technology alternatives, test results

**Speaker**

Igor SYRATCHEV

13:00
