

Session Program

18-21 Apr 2017

**Portorož 2017: New physics at the junction of
flavor and collider phenomenology**

Higgs

Tuesday 18 April

16:53

Higgs: Higgs 1

Session

16:53-17:16

Spontaneous symmetry breaking in three-Higgs-doublet S₃-symmetric models

Speaker

Margarida Nesbitt Rebelo

17:16-17:39

On the Higgs self-coupling modifications

Speaker

Dr Ramona Groeber

17:39-18:02

Controlled FCNC in Two Higgs Doublet Models

Speaker

Gustavo Branco

18:02

Wednesday 19 April

16:30

Higgs: Higgs 2

Session

16:30-16:53 **Assessing Higgs self coupling**

Speaker

Christophe Grojean

16:53-17:16 **The energy and accuracy frontier**

Speaker

Andrea Wulzer

17:16-17:39 **Higgs Sector of the Left-Right Symmetric Theory**

Speaker

Dr Alessio Maiezza

17:39-18:02 **The Inert Doublet Model and its extensions**

Speaker

Maria Krawczyk

18:02
