

# RD50

27<sup>th</sup> RD50 Workshop, 21-23 November 2016, CERN, Switzerland

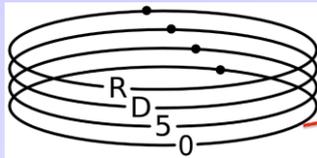

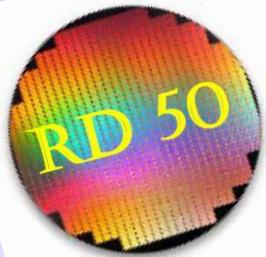

## Welcome to the 29<sup>th</sup> RD50 Workshop

RD50

RD50

RD50

- **Monday 21<sup>st</sup> November**
  - HVCMOS – sensors
  - Defect and Material Characterization
  - *Collaboration Board (restricted to CB members)*
- **Tuesday 22<sup>nd</sup> November**
  - Sensors with intrinsic gain (HFS, UFSD, SiPM, DD-APD, LGAD)
  - LGAD – Low Gain Avalanche Detectors
  - TCAD simulations
  - *evening Dinner*
- **Wednesday 23<sup>rd</sup> November**
  - LHC detectors
  - Strip and Pixel detectors
  - *..at 13:00 end of Workshop*
- **Note:**
  - *some talks scheduled 'out of context' due to limited availability of speakers*
  - *Some very last minute changes after printing of the agenda*
  - *Agenda is very tight: **Speakers and Chairpersons please keep your time!***
