

CERN ACCELERATOR SCHOOL, GSI AND TU DARMSTADT WILL ORGANISE A COURSE ON

ACCELERATOR PHYSICS

INTERMEDIATE LEVEL

27 SEPTEMBER - 9 OCTOBER 2009

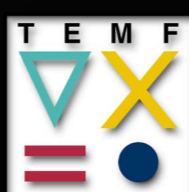

TU DARMSTADT DARMSTADT - GERMANY

This course will be of interest to staff from laboratories, universities and companies manufacturing accelerator equipment.

The intermediate level course is composed of core topic lectures on accelerator physics in the mornings and a dedicated topic specialised

course in the afternoon. The participants will select one afternoon course amongst the three proposed.

A series of seminars and tutorials will complete the programme.
