

# Future of the Scientific Computing Forum and Membership

---

E.Elsen

# Attendance for SCF

---

- focussed on
  - LHC
  - Technology drivers
- limited
  - to allow for discussion

*LHC Funding agencies will be informed in a separate informal meeting March 21st, 2017*

# Future SCF attendance

---

- Embrace other fields of Science
  - a few most promising candidates for pilot installations
  - should not be closed for future projects
- Include existing knowledge for
  - networks
  - protocols

*Aim for ~40 people*

# Future of Meetings

---

- Should hold the next meeting with consolidated membership soon
  - May 2017?
- Meanwhile engage with other fields and refine strategy
