

The 6th Egyptian school of High Energy

Saturday, December 3, 2016 - Thursday, December 8, 2016

The British University in Egypt

Scientific Program

Topics of the school lectures

Introduction to Particle Physics and Standard Model
Latest Results of LHC Experiments
Cosmology & Astroparticle
Physics Beyond the Standard Model at LHC
Grid Computing
HEP Computation and Analysis Tools
Instrumentation for HEP
CMS Muon System Upgrade (RPC, GEM).
