

Table 1

| | |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | |
| Abd Elrahman Ahmed Elsaïd | Gravity & Graviton |
| Ibrahim Hany (ibrahim.m.hany@ieee.org) | Calibration procedure of hybrid pixel detector with GaAs(Cr) sensor and Timpex Readout chip |
| Mesbah Al-Sarraj | Hunting for Dark Mater |
| Walaa Mohamed | Tag & Probe Muon Efficiency Measurements For Higgs analysis At 13TeV |
| Mohamed Emam | The Hero of Weed |
| Salma M. Salem | Validation of Correlation of the Energy Modulation Effect in eta in the Lr Calorimeter of Atlas |
| Mahmoud Abd-Elhay | Radioactive Mars |
| <i>Mohamed Rashad</i> | <i>Preparatory studies to search for the production of new heavy particles with unusual properties in protonproton collisions with the CMS experiment at the Large Hadron Collider LHC</i> |
| | |
