

5th International Conference on Micro-Pattern Gas Detectors (MPGD2017)

Monday, 22 May 2017

MPGD detector technologies - 2 (Chair: Klaus Dehmelt) - Morgan Hall D301 (10:30 - 11:50)

time	[id] title	presenter
10:30	[70] Performance of the chromium GEM detector	MINDUR, Bartosz
10:50	[68] A new design of Micro Pixel Chamber using DLC electrodes	YAMANE, Fumiya
11:10	[64] Numerical predictions of GEM sheet nonlinear mechanical properties under large deformations	MERLIN, Jeremie Alexandre
11:30	[65] The RPWELL detector – its physics and potential applications	BRESSLER, Shikma
