

# Spanish Tier-2 centre for CMS

Francisco Matorras (IFCA)

Nicanor Colino (CIEMAT)

- Spain contributes to CMS with a federated T2 centre:
  - CIEMAT, Madrid
  - IFCA, Santander
- Aim to contribute as 5% of total CMS-T2 resources
- Funding negotiated to the end of 2007 so far
  - numbers beyond that are projections based on 5% of CMS
- Figures shown here correspond to resources fully integrated and available at the given year (~June), not purchasing year
- Manpower not exactly defined since it is shared with other projects
  - approximately 5 dedicated FTE now, to be increased to 7 FTE in 2009
