

# FPCP 2017 - Flavor Physics & CP Violation

## Tuesday, 6 June 2017

### HF production / Spectroscopy (09:00 - 12:30)

time	[id] title	presenter
09:00	[2] Charmonium / bottomonium production at the colliders	KARLINER, Marek
09:30	[15] Overview of hadron flavour production	GANDINI, Paolo
10:00	[16] Associated production with onia, double onia production at the LHC	BOUHOVA-THACKER, Eva
10:30	Coffee break	
11:00	[19] Overview of XYZ states and tetraquarks	SHEN, Chengping
11:30	[20] Overview on pentaquarks	DEY, Biplab
12:00	[46] Light hadrons and formfactors at BESIII	MIN, Tianjue
